

Board Names Dickey President

By PAUL DANIEL

The University of Kentucky will "continue to operate as it has in the past," Dr. Frank G. Dickey, newly appointed president of UK, said.

Dr. Dickey was named by the Board of Trustees to succeed Dr. Herman L. Donovan as president of UK. Dr. Dickey has been dean of the College of Education for the past six years.

He will receive an annual salary of \$21,000. The president's salary was set at \$21,000 because the board had established the Medical School dean's pay at \$20,000 and felt the president's salary should be larger, Frank D. Peterson, vice-president for business administration said.

Dr. Donovan is receiving \$12,000 a year and will retire at \$15,000.

Dr. Dickey expressed his appreciation to President Donovan for his vision in looking ahead to the future of the University and for his helpfulness in explaining the administration problems of the University.

The names of three other prominent educators were submitted to the Board of Trustees by the faculty-trustee screening committee after examining the qualifications of 56 candidates. They were Dr. Louis A. Pardue, vice president of Virginia Polytechnic Institute; Dean Elvis J. Stahr Jr., dean of the College of Law and UK provost, and Dr. Frank J. Welch, dean of the College of Agriculture and Home Economics.

Dr. Dickey was born Dec. 1, 1917, in Wagoner, Okla. He is married to the former Elizabeth Drymon of Fayette County and is the father of three children, Frank, Joseph, and Ann Elizabeth.

He attended public schools in Wichita Falls, Texas and in Lexington, graduating from Henry Clay High School in 1935. He received the Joston Medal for having the highest scholarship in his class.

Dean Dickey received his undergraduate education from Transylvania University, majoring in English and minoring in music and history. He graduated summa cum laude in June, 1939.

He received his Master of Arts degree in 1942 and his Doctor of Education degree in 1947. Both were awarded by the University of Kentucky.

The new UK president did post-graduate work at Harvard University during the 1952-53 school year.

Dr. Dickey became a full time teacher while he was still a senior in college. He taught speech, dramatics, and English at Byran Station School and in September, 1939 he became a teacher in the Lexington city schools.

From 1943 until 1946 Dr. Dickey served with the U. S. Army as a sergeant-major. Following his discharge, he entered the UK College of Education to work on his doctor's degree.

After receiving the advanced degree in 1947, he remained on the faculty of the College of Education as an instructor in the fields of secondary education and administration. In 1949 he became the chief administrative officer of the Bureau of School Service and six months later he was appointed dean of the College of Education.

Dr. Dickey will succeed Dr. Herman L. Donovan, who has been president of UK since 1941, after serving as president of Eastern State College, Richmond, for 13 years. Dr. Donovan requested a change-of-work when he reached the age of 69. After his retirement, Dr. Donovan will have the title of president emeritus and professor of the history of education. He and Mrs. Donovan will live in a house they purchased last year in Fayette Park.

In summing up the University's accomplishments recently, Dr. Donovan said, "If I were asked to point out the most important achievement of the past decade and a half at the University of Kentucky, I would not hesitate to say: Keeping the University free."

Agriculture Deans Meet On Campus

Dean Frank J. Welch, director of the Agricultural Experiment Station, announced that the "Committee of Nine" of the American Association of Land-Grant Colleges and Universities is holding its quarterly meeting on the University campus this week.

Nine deans and directors of Colleges of Agriculture from institutions throughout the country are attending the three day meeting which began Wednesday.

The members of the committee are appointed by the U. S. Secretary of Agriculture by the authority of the Research and Marketing Act of 1946.

Members of the "Committee of Nine" and their colleges and universities are:

Dean H. M. Briggs, College of Agriculture, University of Wyoming, Laramie, Wyoming; Dr. G. M. Browning, Agricultural Experiment Station, Iowa State College, Ames, Iowa; Dr. George Dow, Associate Director, Agricultural Experiment Station, University of Maine, Orono, Maine; Dr. F. D. Fromme, State Experiment Stations Division, U. S. Department of Agriculture, Washington, D. C.; Dr. R. L. Lovvorn, Director of Research, School of Agriculture, North Carolina State College, Raleigh, North Carolina.

Dr. Florence McLeod, Assistant Director of Home Economics Research, University of Tennessee, Knoxville, Tennessee; Dr. A. A. Spielman, Associate Director, Agricultural Experiment Station, University of Connecticut, Storrs, Conn.; Dr. L. M. Turk, Director, Agricultural Experiment Station, Michigan State College, East Lansing, Mich.; Dean S. S. Wheeler, School of Agriculture, Colorado A. & M. College, Fort Collins, Col., and Dean Frank J. Welch, University of Kentucky, Lexington, Ky.

Kampus Kalendar

Friday, June 29 — Student Union Tour of Bluegrass Farms (sign at information desk, SUB, by noon, June 28), meet SUB, 12:45.

Monday, July 2 — Filson Club Dinner, SU Ballroom, 6:00. Blazer Lecture: Filson Club: Dr. Walter Posey, Agnes Scott College, "Religious Expansion in the South," Guilford, 8:00.

Tuesday, July 3 — Movie: "Cheers for Miss Bishop," Amphitheater, 8:45.

Wednesday, July 4—Holiday.

Thursday, July 5 — Outdoor Folk Dance, Women's Gym, 7:30.

Dairy Day Is July 10

Results of experimental work with dairy pastures and selection of a Kentucky Dairy Princess for 1956 will feature the University of Kentucky Experiment Station's dairy field day Tuesday, July 10, at Lexington.

The program will be split into two phases, according to program arrangers. The morning session will be devoted to viewing and comparing results from grazing milk cows on alfalfa-orchard grass and alfalfa-brome grass pastures; experimental utilization of Sudan grass as a supplement to an improved pasture of orchard grass and Ladino clover; and grazing results from two pastures containing birdsfoot trefoil. Value of feeding only hay and silage as a supplement to pasture, and better and more economical methods of raising calves also will be explained.

A free picnic lunch will be held at the Dairy Products building at noon. After that, the Kentucky Dairy Princess will be selected. The state winner will be selected from those entered by various counties, cities and towns which previously staged local contests.

Dr. Frank Graves Dickey

Dr. Dickey has been named by the Board of Trustees to succeed Dr. Herman L. Donovan as UK president. The 38 year old dean of the College of Education will be the youngest president in the 91-year history of the University.

Men Outnumber Women 1.7 to 1 This Summer

Husband hunting coeds will welcome the news that men outnumber the women by 1.7 to 1 on the UK campus this summer.

According to the latest IBM report there are 1,803 men on the campus and only 1,088 women. This is quite a change from high school days when the odds were two or three to one in the other direction.

The slide-rule boys will be heartbroken to learn that only one girl has enrolled in the Engineering College. In the Law College, however, not one girl has enrolled.

The Graduate School has the highest enrollment with 1,127 students, including two auditors, almost half of the total. The Col-

lege of Arts and Sciences is second with 548 and the Engineering College, third with 475.

The IBM tabulations do not include 26 graduate students who registered Monday or the 101 students attending the Northern Center, Covington, which bring the total enrollment figure up to 3,018.

There are 1,125 graduate students, 608 seniors, 463 juniors, 293 sophomores, and 223 freshmen. The enrollment includes 91 special students and 74 transients. There are 14 students auditing classes.

The women outnumber the men in only two areas. There are 29 more women enrolled as special students and 16 more enrolled as transients.

School Gets \$16,550 Grant For Research

UK received \$16,550 in gifts—including a \$12,000 grant for tobacco research—at a meeting of the Board of Trustees last Friday.

The tobacco award is to be used for scientific research and investigation into use of reconstituted burley tobacco in the manufacture of cigarettes. It was given by the Burley Growers Cooperative Association.

The University is to continue special research on fertilization, using a grant of \$2,500 from the Spencer Chemical Company. A \$1,500 gift of the American Cyanamid Company is to be used for swine research.

Those present at the meeting of the board were Gov. Albert B. Chandler, chairman; Robert R. Martin, Superintendent of Public Instruction; Ben Butler, Commis-

sioner of Agriculture; Robert R. Martin, Lexington; Mrs. Paul G. Blazer, Ashland; R. P. Hobson, Louisville; Harper Gattton, Madisonville; Carl Dentewolfe, Henderson; Harry Denham, Maysville; Dr. Daniel C. Elkin, Lancaster; Wood Hannah, Sr., Prospect; William F. Foster, Mayfield; Louis Cox, Frankfort; J. Stephen Watkins, Lexington; Dr. Ralph Angelucci, Lexington; President H. L. Donovan and Frank D. Peterson, secretary.

Veteran's Checks

Veterans will sign for their checks July 2, 3, and 5 from 8:30 to 12 a.m. and 1:30 to 4 p.m. in room 204, Administration Building.

Largest Budget Ever Approved By Board

The University will operate on a budget of \$11,161,107 during the 1956-57 fiscal year, George R. Kavanaugh, UK comptroller, said.

The budget—the largest in the 91 year history of UK—was approved by the University's board of trustees at a meeting of the group June 22.

The Division of Colleges will receive the largest single share of the total appropriations—\$6,485,635—for its operational expenses. Of this amount, teacher's salaries will account for 65-70 per cent of the expenditures, Kavanaugh said.

The amount is to be divided among the colleges on the campus at Lexington, and the UK extension center at Covington and the College of Pharmacy at Louisville. Of the total amount authorized for the Division of Colleges, \$4,860,000 will come from appropriations

made by the Kentucky Legislature and \$984,500 will come from student fees. These are the two largest sources of revenue for the Division.

The total increased allotments to the Division of Colleges over the 1955-56 figure, amounts to \$1,380,443.50.

The Agricultural Extension Division is to receive total allotments of \$2,574,481 for the year. The Agricultural Experiment Station will receive \$2,099,991 for its operational expenses during the same period.

The experiment station is active in determining the growth and yield of crops, and how crops are affected by different fertilizers, crop rotations, etc. The service and results of experiments have been valuable to Kentucky farmers, and to agricultural groups throughout the country.

Historian To Give Blazer Talk

Dr. Walter B. Posey, head of the History Department of Agnes Scott College will speak on the "Challenge of the Heroic" at the Blazer Lecture in the Guilford Theater at 8 p.m., Monday, July 2.

The speech will be given at the annual summer meeting of The Filson Club.

A reception will be held following the program in the music lounge of the Fine Arts Building.

Preceding the lecture, a dinner will be given in the Student Union Ball Room at 6 p.m.

Dickey

(Continued from Page 1)

Friday meeting, resolved "that those members of the Board of Trustees and the representatives of the University faculty who served so ably as a screening committee in the selection of our new president be thanked for the great amount of time they gave to the task of considering the qualifications of 56 different individuals from throughout the United States: . . ."

Wesley Foundation To Hold Seminar

Wesley Foundation's "Seminar On Denominations" will focus on the Baptist Churches this week. The meeting is Monday, July 2nd, at Wesley House, 151 E. Maxwell Street, from 7:00 to 8:00 p.m. Rev. Keith Mee of Immanuel Baptist Church in the city will represent the Baptist Churches.

The seminar, to which the public is invited, is designed as a series for the summer session. Ministerial representatives of the Christian Churches spoke last week and representatives of the Methodist, Presbyterian, Episcopal, and Roman Catholic Churches will follow respectively on the Monday evenings. This week's session will end in time for the Blazer Lecture which follows at the next hour.

Law Grads To Study For Exam

Sixteen Law School graduates have returned this week to the library at Lafferty Hall to prepare for the examination for admittance to the Kentucky Bar Association, which is to be given beginning Thursday, June 28th, through Saturday, June 30th, at the House of Representatives, Frankfort, Ky. Those taking the examination will be:

James E. Bondurant, Brandenburg; Julian M. Carroll, West Paducah; W. Elijah Coffey, Bryan; Thomas A. Collins, Lebanon; Denver Gay, Bowlingtown; Earl M. Henry, Frankfort; Howard Huddleston, Horse Cave; Dave S. Levy, Elizabeth, New Jersey; William G. Mullins, Lexington; Robert A. Palmer, Carlisle; Eugene C. Roemele III, Frankfort; William P. Runnels, Prestonsburg; Robert M. Short, Bowling Green; Thomas J. Soyars, Hopkinsville; J. Montjoy Trimble, Lexington; and Charles G. Wylie, Nicholasville.

Students from the Louisville Law School will also be taking the examination.

Dr. Thomas C. Walker, modern foreign languages, has been granted a sabbatical leave to do post-doctorate work in France; he is to leave after the summer session is completed.

J-School Given Rare Book Set

A rare set of Collins' "History of Kentucky" from the library of the late Major A. J. Morey, widely known Cynthiana newspaperman in the post Civil War years, is among the books which have been presented to the School of Journalism Reference Library by Mrs. James H. George, of Alderson, W. Va. Mrs. George is the daughter of Major Morey.

Other books presented to the Reference Library for the use of School of Journalism students were "The Rise and Fall of the Confederate Government," Davis, 2 volumes; and "Madison's Papers," Mygatt, 3 volumes. Mrs. George also gave to the school a copy of Mitchell's Map of Kentucky, 1830.

These valuable additions to the reference books in the School of Journalism were accepted by the Board of Trustees at its meeting on Friday, June 22.

Major Morey, from whose library these books came, founded the Cynthiana "News" in 1852. In a short time he had built the "News" to a place of importance in Kentucky journalism. With the coming of the Civil War, the paper was suspended, and Major Morey was captured along with other Cynthiana citizens and taken to

There are no forests in Greenland.

MRS. J. H. GEORGE

Camp Chase, Ohio. Escaping from his captors, he made his way South and for several months edited the Avalanche at Memphis, Tenn. Afterward he served with a North Carolina regiment until the end of the war. He then returned to Cynthiana and resumed publication of the "News" until its sale and consolidation with the Cynthiana "Democrat" in 1886.

Newman Chapel

The Newman Chapel, College View and Lexington Ave., will hold nine o'clock Mass each Sunday during summer school.

Holy Communion will be distributed Monday through Friday, every 15 minutes from 7-8:10 a.m.

Swimming parties are scheduled for Sunday afternoons. Groups will leave the chapel at one o'clock.

Shawnee Bids To Be Accepted

The Finance Department has been asked to advertise for bids for the construction of Shawneetown, Frank D. Peterson, UK business vice-president, has announced.

Bids on the project will be accepted about the last of July or the first of August, he said.

The \$1,806,000 loan agreement was approved by the Board of Trustees last Friday and has been returned to Washington for final signatures.

Construction on the four apartment buildings will begin about Sept. 1. The 164 one, two and three-bedroom apartments are expected to be ready for occupancy by September, 1957.

Residents of Shawneetown will move into the new Cooperstown apartments July 1.

The principal languages of Switzerland are German, French and Italian.

UK Clinic To Expand

The UK Audiology Clinic is making plans to broaden the student training program and prepare staffs for new clinics throughout Kentucky.

The plans were outlined at the annual meeting of the clinic by Dr. Frank Kodman, director, and Mrs. James Strauss, chairman of the clinic board of directors.

Mrs. Strauss called for a bigger training program, more student scholarships, a special UK curriculum for students desiring to major in audiology fields, and larger quarters as goals for the next few years.

Dr. Kodman said the clinic staff already has begun plans for an expanded student training program. The staff during the 1956-57 fiscal year, will include, in addition to the director, a full-time secretary, therapist, two graduate assistants, a research assistant, a Veterans Administration audiology assistant, and a part-time electronics technician.

The 1956-57 budget for the clinic calls for an estimated \$16,921.88 income, and \$10,186 in expenses. The unallocated \$6,735.88, plus a special fund of patient fees, is expected to be made into a revolving fund for student scholarships.

Dr. John Ubben, modern foreign languages, has just returned from a one year Fulbright appointment in Germany, where he taught at a public high school in Berlin.

Miles Asks A Riddle Of Reader

By JIM MILES

What is it that "runs" for five hours, covers a radius of thirty miles, and makes all kinds of sounds? The University of Kentucky's frequency-modulated radio station, WBKY, is the answer. WBKY, located on the top floor of McVey Hall, is an all-student operated station, broadcasting programs from 5 to 10 p.m. daily.

The students, usually radio arts majors, write, edit, announce, and engineer the programs, Camille Halyard, head of the department, said.

The WBKY staff is considerably smaller during the summer session, but chief engineer Ralph Albers said "even though we have less people, our programming has not been affected to any great extent." For the classical music lover there is an hour and a half of serious music daily. For people who like quiet, relaxing tunes, there is an hour of dinner music every day.

The broadcast schedule includes jazz, news, weather, safety hints, and special events.

The WBKY summer staff is headed by Jim Belcher, station manager. Donna Reed is traffic director and Bob Davis is publicity director. The news director is Bill Bradley. Dudley Saunders is in charge of program development and Lind Voth is program director. Staff announcers are Lind Voth, Jack Pauley, Jim Miles, Bob Amato, Dallas Ison, and Bob Davis.

Dr. Marvin Rabin left for Columbus, Ohio today. He is to conduct an Orchestra Clinic at Capital University there.

Handball Courts Now Available

Four new handball courts are now available for student and staff use, Dr. Don Cash Seaton, head of the department of Physical Education, announced.

The courts, located on Stoll Field, may be used from 8 a.m. to 8 p.m. daily. Players are asked to furnish their own gloves and hand balls when playing, but the Physical Education Department will furnish the equipment if necessary.

The courts were financed by funds from the Athletic Association and were put in the care of the Physical Education Department to be used in intramural sports, recreation, and physical education classes. The simple rules of play are posted on the courts.

The Boston Tea Party was planned in the back room of the "Boston Gazette."

Opera Cast Announced

The casts for the two Menotti operas to be presented July 25-28 have been announced by Almo Kiviniemi and Mrs. Lolo Robinson, directors of the Summer Opera Workshop-Guignol production.

For "The Telephone": Lucy, Barbara Watson; Ben, Charles Sims and Robert Davis.

For "The Medium": Monica, Phyllis Tilton; Mme. Flora, Sally Huffman Braun; Mrs. Gobineau, Ebba Jo Haagen; Mr. Gobineau, Len Wolf; Mrs. Nolan, Margaret Whele, and, Toby, Dudley Saunders.

John W. Whitaker and J. Harold Nave, duo pianists, will be the accompanists.

James King will assist Kiviniemi with the musical direction and Dudley Saunders will assist Mrs. Robinson with the stage direction.

Ernest Rhodes, Guignol technical director, will have charge of the backstage area. He will be assisted by members of the stagecraft and opera workshop classes and by Buddy Purdom and Geraldine Johnson.

Tri Deltas Ask University Aid

The Tri Delta Realty Corporation has requested that the University take over the house and property, located at 468 Rose St., and build an addition to the house, Frank D. Peterson, UK vice president for business administration, has announced.

The Board of Trustees has tentatively approved an \$80,000 addition. Peterson said.

The fly is considered the worst insect to the human being.

2 Chinese Students Enter UK

By T. N. BOQUIREN

Two Chinese students from Formosa have enrolled in the University of Kentucky during the summer term.

"My sister who is a nurse in Louisville recommended that I enroll at UK, so here I am," states Ju-hsi Chou of Taipei, Formosa.

CHOU

YANG

Chou, 21, plans to major in art. He is a freshman and is auditing classes in order to learn more of the English language. He said he learned English while attending high school in Taipei.

Another Chinese student, who is here to work for a degree in engineering, is Chan-Chang Yang, 25, also of Taipei.

Chou and Yang came to the United States two months ago. Both plan to study in this country for some time before returning home.

Psychologist Dr. Ernest Meyers conducted further investigations concerning the readability of Braille printing at the Indianapolis School for the Blind, June 27, 28.

UK Profs On Panel

"Metropolitan Problems" were discussed yesterday in a meeting of the Kentucky Chapter of the American Society for Public Administration, held at a local restaurant.

There was a roundtable discussion by the officials of the top cities in the state, concerning present day situations in the city. Included on the panel were UK's Dr. Gladys Kammerer and Prof. Ruth McQuown, of the Political Science Department.

The previous year ten mayors, who came from cities scattered over the state, attended the meeting to participate in the talks.

Officials on the panel were Frankfort's Mayor Younk; City Manager Fritz, of Lexington; Dr. Roy Owsley, City Consultant of Louisville; Frank Burke, Legal Consultant to Louisville; Carl

Wachs, director of the Kentucky Municipal League; John Kloecker, co-chairman of the Greater Lexington Committee, and Robert Bell, Executive Secretary of the Greater Lexington Committee.

The Louisville meeting of the Kentucky Heart Association, June 28, was attended by Dr. Morris Scherago, department of bacteriology.

Dr. Walter T. Smith, Jr., associate professor of chemistry, attended the Symposium on Organic Chemistry, held at Michigan State College, June 22 and 23.
